Everyone Exceptional Everyday

Welcome to
Our Family

Since joining Newsome Academy in April 2017, I have experienced at first hand the special family feel our school offers and the energy from both students and staff has been a pleasure to see. I strongly welcome visitors to see this at first hand and see how being part of our school will be a momentous positive decision for both your child's future career and to join us on our journey to becoming a centre of excellence

Welcome to Our Family

A modern approach, with traditional values

It is a privilege and a source of great pride to serve both the school and wider community at Newsome Academy. We work closely with the community, parents and carers to make sure everyone is part of our journey to continue to raise standards and create a school where everyone counts; where everyone has the chance to succeed, to discover themselves and learn how to lead a life of integrity, respect and happiness. It is vital that everyone in the community has a voice and knows that they are listened to, including pupils, staff and parents and carers.

Newsome Academy is an aspirational and inclusive school. We believe in the potential of every individual to make exceptional progress from their starting points and to thoroughly enjoy their time at our school. We believe that the well-being and happiness of every child is essential and the needs of our children are at the heart of everything we do. Our journey is focused on having very high expectations. It means ensuring children who are successful and strive to achieve their best, know they are valued, believe in themselves and have respect for others. We aim to consistently promote fundamental British values and pupils' spiritual, moral, social and cultural development.
