Last Week

There was a focus around attendance and punctuality for Year 9. This was to ensure we don't have any 'drop off' in our attendance

and/or punctuality right up to the end of the year. This year we have had 93 Y9 students at 95% or above and 15 Y9 students with a fantastic 100%!!

This Week

We had a careers fair in school on Monday. Year 9 had the opportunity to visit this during one of their lessons. There was lots of information about careers and also what students require to follow different career paths. The students were fantastic, asking lots of questions.

Next Week

It is our final week before the summer break. We have Sports Day and reward seminars to look forward to as well as getting fully ready to commence our GCSE courses in Year 10!
