Readiness for Exams

You can be disqualified from exam boards for malpractice, which includes actions like using unauthorized materials (e.g., mobile phones), copying work, plagiarism, collusion, or sharing/obtaining confidential exam information. Being late for an exam can also lead to work not being accepted. Consequences for malpractice range from losing marks to being disqualified from a specific paper or even an entire qualification.

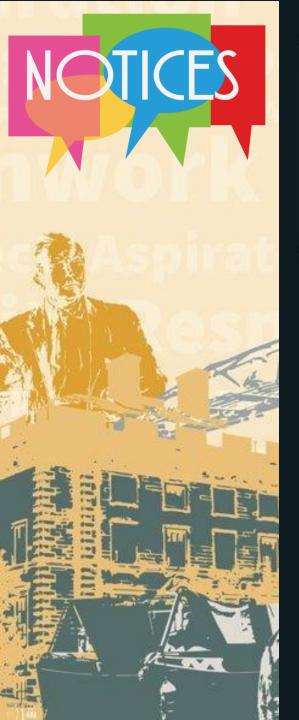

Examples of Malpractice and Rule-Breaking

- **Unauthorized Materials:** Bringing mobile phones, smartwatches, or other electronic devices into the exam room is a common cause for penalties and disqualification.
- **Plagiarism and Copying:** Submitting work that is not your own, or allowing your work to be copied by others, can lead to penalties.
- Collusion: Helping other students with their work or allowing others to help you with yours.
- Cheating: Engaging in any unfair or dishonest practice during the exam.
- **Sharing Information:** Revealing details about exam questions before an exam, whether you think they are real or fake, or failing to report such information.
- Security Breaches: Breaches of exam security can also constitute malpractice.
- Breach of Exam Conditions: Failing to follow the rules for the exam, such as being on time.

Consequences of Malpractice

If you are suspected of malpractice, an investigation will be launched. Consequences vary and can include:

- •Losing marks: on a specific paper.
- •Being disqualified: from one or more exams.
- •Losing your entire qualification: or certification opportunity.

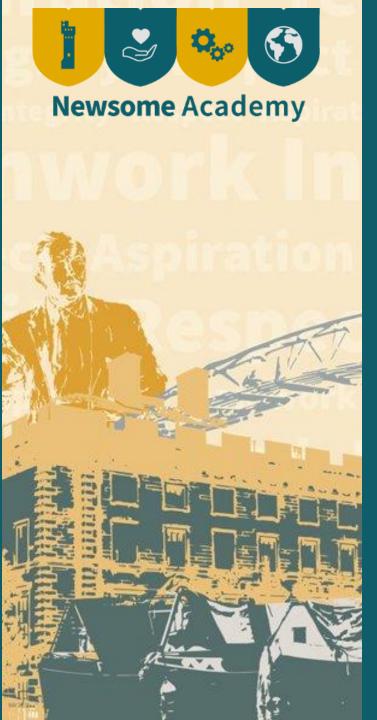

The Importance of Rules and Regulations...

I received an email during week 2 of the summer holidays following an email from AQA.

A student had:

- Doodled on the bottom of the page.
- Answered a question inappropriately.

What happened next...
