

# COMMUNITY MEMO: Warm Weather

➤ 22nd June 2026

## Dear Families

You'll no doubt be aware of the planned warm weather this week. Whilst this can often bring a lot of unnecessary drama (thanks to social media), Newsome has this sorted.

### This year we have:

- ✓ Offered a low-cost summer uniform option for all learners including (plain black) shorts and short-sleeve polo shirts The take-up has been great!
- ✓ Introduced portable air conditioning units in warm classrooms.
- ✓ Students can remove ties when needed in lessons.
- ✓ The usual care and understanding by our staff naturally remains.

We ask our families to ensure their child knows and understands that on certain days, jumpers, coats and multiple layers may not be needed. You'd be surprised how many students have been wearing these!

Your support is always appreciated.
