The 2019 timetable has a new feature – a **contingency day** on **26 June 2019**. This has been set by Ofqual (Head of all examination boards) and will be used if **a significant, unexpected event arises nationally or locally during the exam period such that no students (or a large number of them) are able to take an exam when planned.** Of course, we all hope there won't be such disruption and that the contingency day won't be needed. But students should be available throughout the exam period, including on that day, in case their planned timetable is disrupted
